...making excellence a habit.™

Certificate No: Q 05194

Registered Scope:

The manufacture, supply and stockholding of hot forged, industrial and specialist fasteners, including the heat treatment of fasteners and associated parts in various metals to customer specifications. The manufacture of bar turned special and non-standard fasteners including CNC machined components, in accordance with customer specifications from raw materials and semi-finished stock materials. The management of sub-contracted plating and coated finishings, heat treatment and machining activities for petrochemical, oil, gas and other general engineering applications. Sourcing and procurement of industrial threaded and blank fasteners in high grade alloy and stainless steel from quality assured or other sources with or without lot traceability. The preparation and carrying out of mechanical testing to customer requirements.
